## The Board

### Corporate strategy

The strategy of the Group is to deliver sustainable returns with solid financial fundamentals, so as to enhance long-term total return for all its stakeholders. Please refer to the Chairman's Statement, and Management Discussion and Analysis for discussions and analyses of the performance of the Group and the basis on which the Group generates or preserves value over the longer term and the strategy for delivering the objectives of the Group.

### Role of the Board

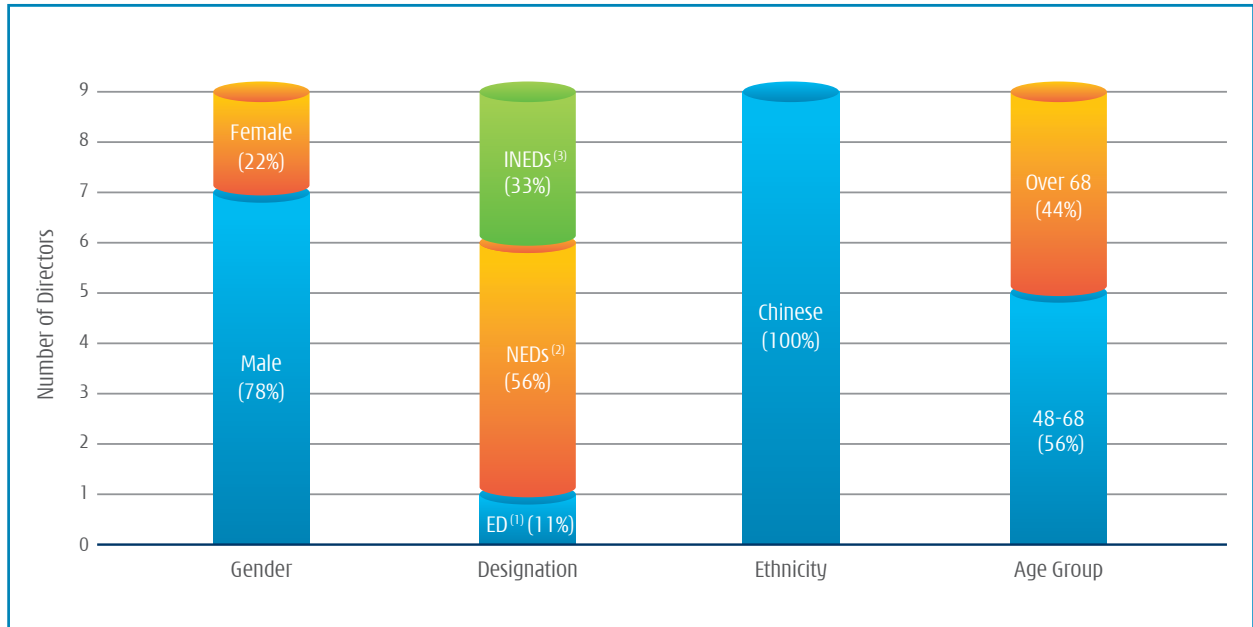

The Board, which is accountable to shareholders for the long-term performance of the Company, is responsible for directing and guiding the strategic objectives of the Company and overseeing and monitoring managerial performance. Directors are charged with the task of promoting the long-term success of the Company and making decisions in the best interests of the Company with due regard to sustainability considerations.

The Board, led by the Chairman (Non-executive), Mr Fok Kin Ning, Canning, determines and monitors group-wide strategies and policies, annual budgets and business plans, evaluates the performance of the Company, and supervises the management of the Company ("Management"). Management is responsible for the day-to-day operations of the Group under the leadership of the Chief Executive Officer.

### Board composition

The Board currently comprises nine Directors, including the Chairman (Non-executive), two Co-Deputy Chairmen (Non-executive), an Executive Director and Chief Executive Officer, two Non-executive Directors and three Independent Non-executive Directors. Throughout 2020, the number of Independent Non-executive Directors on the Board meets the one-third requirement under the Listing Rules. Information regarding the Board composition during 2020 are set out in the section "Directors' Report" on pages 41 to 49.

The following chart shows the diversity profile of the Board as at 31 December 2020:

Notes:

Biographical details of the Directors are set out in the “Information on Directors” section on pages 32 to 39 and on the website of the Company. A list setting out the names of the Directors and their roles and functions is posted on the websites of the Company and HKEx ([www.hkexnews.hk](http://www.hkexnews.hk)).

### Chairman, Co-Deputy Chairmen and Chief Executive Officer

The roles of the Chairman and the Co-Deputy Chairmen are separate from that of the Chief Executive Officer. Such division of responsibilities reinforces the independence and accountability of these Directors.

The Chairman, assisted by the Co-Deputy Chairmen, is responsible for providing leadership to, and overseeing the functioning of, the Board to ensure that it acts in the best interests of the Group. He is also responsible for ensuring that Board meetings are planned and conducted effectively, including setting the agenda for each Board meeting, taking into account, where appropriate, matters proposed by Directors and the Company Secretary. With the support of the Executive Director and the Company Secretary, the Chairman seeks to ensure that all Directors are properly briefed on issues to be deliberated at Board meetings and are provided with adequate and accurate information in a timely manner.

The Chairman promotes a culture of openness and actively encourages Directors to voice their opinion and be fully engaged in the affairs of the Board so as to contribute to the effective functioning of the Board. The Board, under the leadership of the Chairman, has adopted good corporate governance practices and procedures and taken appropriate steps to promote effective communication and ongoing engagement with shareholders and other stakeholders, as outlined later in this report.

The Chief Executive Officer is responsible for managing the businesses of the Group, attending to the formulation and successful implementation of group policies and assuming full accountability to the Board for all group operations. Acting as the principal manager of the businesses of the Group, the Chief Executive Officer attends to developing strategic operating plans that reflect the long-term objectives and priorities established by the Board and is directly responsible for overseeing and delivering operational performance of the Group.

Working with the Chief Financial Officer and the executive management team of the Company, the Chief Executive Officer presents annual budgets to the Board for consideration and approval, and ensures that the Board is fully apprised of the funding requirements of the Group. With the assistance of the Chief Financial Officer, the Chief Executive Officer ensures that the funding requirements of the businesses are met and monitors the operating and financial performance of the businesses against plans and budgets. He maintains an ongoing dialogue with all Directors to keep them fully informed of all major business development and issues. In addition, he is also responsible for building and maintaining an effective executive management team to support him in his role.

### Board process

The Board meets regularly, and at least four times a year with meeting dates scheduled prior to the beginning of the year. Between scheduled meetings, senior management of the Group provides to Directors, on a regular basis, monthly updates and other information with respect to the performance and business activities of the Group. Throughout the year, in addition to Board meetings, Directors participate in the deliberation and approval of routine and operational matters of the Company by way of written resolutions with supporting explanatory materials, supplemented by additional verbal and/or written information from the Company Secretary or other executives as and when required. Details of material or notable transactions of subsidiaries and associated companies are provided to the Directors as appropriate. Whenever warranted, additional Board meetings are held. Further, Directors have full access to information on the Group and independent professional advice at all times whenever deemed necessary and they are at liberty to propose appropriate matters for inclusion in Board agendas.

With respect to regular meetings of the Board, Directors receive written notice of the meeting generally about a month in advance and a draft agenda for review and comment about three weeks prior thereto. The full set of Board papers is supplied no less than three days prior to the meeting. For other meetings, Directors are given as much notice as is reasonable and practicable in the circumstances. Except for those circumstances permitted by the Articles of Association and the Listing Rules, a Director would abstain from voting on resolutions approving any contract, transaction and arrangement in which he or she or any of his or her close associates is materially interested, and such Director is not counted for quorum determination purposes.

The Company held four Board meetings in 2020 with overall attendance of 100%. All Directors attended the annual general meeting of the Company held on 12 May 2020. The attendance record is set out below:

Such meetings provide an effective forum for the Chairman to listen to the views of the Independent Non-executive Directors on issues including corporate governance improvement, effectiveness of the Board, and such other issues they may wish to raise in the absence of other Directors and Management.

Any Director who is appointed by the Board to fill a casual vacancy shall hold office until the next following general meeting of the Company, or in the case of an additional appointment, until the next following annual general meeting of the Company, and shall then be eligible for re-election. All Directors are subject to retirement from office by rotation and re-election by shareholders at annual general meetings at least once every three years. A retiring Director is eligible for re-election, and re-election of retiring Directors at general meetings is presented in separate resolutions. In addition, all Non-executive Directors entered into service contracts for an initial term ending on 31 December of the year of their appointments. Thereafter, such contracts are automatically renewed for successive 12-month periods, subject to re-election in accordance with the Articles of Association.

Further, no Director has a service contract with the Company not terminable by the Company within one year without payment of compensation (other than statutory compensation).

## Training and commitment

Upon appointment to the Board, Directors receive a package of comprehensive orientation materials on the Group comprising information on the Group, duties as a director and board committee member, as well as internal governance policies of the Group. These orientation materials are presented to the Directors by senior executives in the form of a detailed induction to the businesses, strategic direction and governance practice of the Group.

The Company arranges and provides Continuous Professional Development (“CPD”) training such as seminars, webcasts and relevant reading materials to Directors to help them keep abreast of current trends and issues facing the Group, including the latest changes in the commercial (including industry-specific and innovative changes), legal and regulatory environment in which the Group conducts its businesses and to refresh their knowledge and skills on the roles, functions and duties of a listed company director. In addition, CPD may take the form of attendance at external forums or briefing sessions (including delivery of speeches) on relevant topics. CPD training of approximately 33 hours had been provided to Directors during the year.

The Directors are required to provide the Company with details of CPD training undertaken by them from time to time. The training records are maintained by the Company Secretary and are made available for regular review by the Audit Committee. Based on the details so provided, the CPD training undertaken by the Directors in 2020 is summarised as follows, representing an average of approximately 20 hours undertaken by each Director during the year.

## Securities transactions

The Board has adopted its own Model Code for Securities Transactions by Directors (the “HTHKH Securities Code”) regulating Directors’ dealings in securities (Group and otherwise), on terms no less exacting than the required standard of the Model Code for Securities Transactions by Directors of Listed Issuers set out in Appendix 10 of the Listing Rules. In summary, a Director who wishes to deal in the securities of the Company must notify the Chairman (or a Director designated by the Board for such specific purpose) in writing prior to any dealings and obtain a dated written acknowledgement before any dealing. Any clearance to deal granted in response to a Director’s request would be valid for no longer than five business days of clearance being received. After dealings, the Director must submit a disclosure of interests filing with respect to the dealing, within the time frame required under Part XV of the SFO.

In response to specific enquiries made, all Directors confirmed that they have complied with the HTHKH Securities Code in their securities transactions throughout their tenure during the year ended 31 December 2020.

## Board Committees

The Board is supported by four permanent Board Committees: Audit Committee, Nomination Committee, Remuneration Committee and Sustainability Committee, details of which are described later in this report. The terms of reference for these Committees, which have been adopted by the Board, are available on the websites of the Company and HKEx. Other Board Committees are established by the Board as and when warranted to take charge of specific tasks.

## Company Secretary

The Company Secretary is accountable to the Board for ensuring that Board procedures are followed and Board activities are efficiently and effectively conducted. These objectives are achieved through adherence to proper Board processes and timely preparation of and dissemination to Directors comprehensive Board meeting papers. Minutes of all meetings of the Board and Board Committees are prepared and maintained by the Company Secretary to record in sufficient detail the matters considered and decisions reached by the Board or Board Committees, including any concerns raised or dissenting views voiced by any Director. All draft and final minutes of Board meetings and meetings of Board Committees are sent to Directors or Board Committee members as appropriate for comments, approval and records. Board records are available for inspection by any Director upon request.

The Company Secretary is responsible for ensuring that the Board is fully apprised of all legislative, regulatory, corporate governance and sustainability developments of relevance to the Group and that it takes these developments into consideration when making decisions for the Group. From time to time, the Company Secretary organises seminars on specific topics of importance and interest and disseminates reference materials to Directors for their information.

The Company Secretary is also directly responsible for the Group’s compliance with all obligations of the Listing Rules and The Codes on Takeovers and Mergers and Share Buy-backs, including the preparation, publication and despatch of annual reports and interim reports within the time limits laid down in the Listing Rules, the timely dissemination to shareholders and the market of information relating to the Group.

Furthermore, the Company Secretary advises the Directors on connected transactions, notifiable transactions, price-sensitive/inside information and Directors’ obligation for disclosure of interests and dealings in securities of the Company, to ensure that the standards and disclosures requirements under the Listing Rules and applicable laws, rules and regulations are complied with and, where required, reported in the interim and annual reports of the Company.

The Company Secretary also serves as a crucial conduit of communications internally and externally. She facilitates information flow and communication among Directors and also conveys the Board’s decisions to Management from time to time and ensures a good channel of communication with shareholders. She also works with the Board and Management to assist in responding to regulators in a timely manner.

The appointment and removal of the Company Secretary is subject to Board approval. Whilst the Company Secretary reports to the Chairman, all members of the Board have access to her advice and service. The Company Secretary has day-to-day knowledge of the affairs of the Group. She confirms that she has complied with all the required qualifications, experience and training requirements under the Listing Rules.

## Audit Committee

The Audit Committee comprises three Independent Non-executive Directors who possess the relevant financial and business management experience and skills to understand financial statements and monitor the financial governance, internal control and risk management of the Company. It is chaired by Mr Ip with Dr Lan and Dr Wong as members.

The Audit Committee held four meetings in 2020 with 100% attendance.

Members	Attended/Eligible to attend
Ip Yuk Keung ( <i>Chairman</i> )	4/4
Lan Hong Tsung, David	4/4
Wong Yick Ming, Rosanna	4/4

Under its terms of reference, the role of the Audit Committee is to assist the Board in fulfilling its duties through the review and supervision of the Company's financial reporting, risk management and internal control systems and to take on any other responsibility as may be delegated by the Board from time to time. The Audit Committee is responsible for monitoring the integrity of the interim and annual results, and interim and annual financial statements of the Group, reviewing the risk management and internal control systems of the Group as well as overseeing the relationship between the Company and its external auditors. The Audit Committee is also required to develop and review the Company's policies and practices on corporate governance including compliance with statutory and Listing Rules requirements; and review the scope, extent and effectiveness of the activities of internal audit. In addition, it is authorised to engage independent legal and other advisers and conduct investigations as it determines to be necessary.

Throughout 2020, the Audit Committee discharged the duties and responsibilities under its terms of reference and the CG Code. The following paragraphs set out a summary of the work performed by the Audit Committee during 2020 and 2021 (up to the date of this report).

During 2020 and 2021 (up to the date of this report), the Audit Committee met with the Chief Financial Officer and other senior management of the Group to review the interim and final results, the interim and annual reports, and other financial, internal control, corporate governance and risk management matters of the Group. It received, considered and discussed the reports and presentations of Management, the Group's internal auditor and external auditor, PwC, to ensure that the 2019 and 2020 consolidated financial statements of the Group were prepared in accordance with IFRS and comply with the applicable disclosure requirements of the Companies Ordinance, and for such internal control as the Directors determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error. It also met four times during 2020 and one time during 2021 (up to the date of this report) with the external auditor to consider the reports of the external auditor on the scope, strategy, progress and outcome of its independent review of the 2020 interim financial report and annual audit of the 2019 and 2020 consolidated financial statements. In addition, the Audit Committee held private sessions with the external auditor, the Chief Financial Officer and internal auditor separately without the presence of Management.

To assist the Board in maintaining effective risk management and internal control systems, in 2020, the Audit Committee also reviewed the process by which the Group evaluated its control environment and managed significant risks identified. It received and considered the Risk Management Report, the composite risk register, risk heat map as well as the Management presentations on their review with respect to the effectiveness of the risk management and internal control systems of the Group. It also reviewed the adequacy of resources, qualifications and experience of staff in the accounting, financial reporting and internal audit functions of the Group, as well as their training programmes and budgets.

In addition, the Audit Committee reviewed, in conjunction with the internal auditor of the Group, the 2020 work plan and resource requirements, and deliberated on the reports regarding the effectiveness of risk management and internal control systems in the business operations of the Group. Further, it considered the reports from the Company Secretary on the material litigation proceedings and compliance status of the Group on legal and regulatory requirements. These reviews and reports were taken into consideration by the Audit Committee when it made its recommendation to the Board for approval of the consolidated financial statements. During 2020, the Audit Committee also received periodic presentations on, and reviewed, the compliance status of the Group with respect to the CG Code as well as other corporate governance topics including the Group's policies and practices in compliance with legal and regulatory requirements, and ensured that any deviation from the CG Code was properly explained and disclosed in this report. It has also received reports on training and continuous professional development of the Directors.

### External auditor

The Audit Committee reviews and monitors the external auditor's independence, objectivity and effectiveness of the audit process. Each year, the Audit Committee receives a letter from the external auditor confirming its independence and objectivity. It holds meetings with representatives of the external auditor to consider the scope of its audit, approve its fees, and the scope and appropriateness of non-audit services, if any, to be provided by it. The Audit Committee also makes recommendations to the Board on the appointment and retention of the external auditor.

The policy of the Group regarding the engagement of its external auditors for the various services listed below is as follows:

- Audit services - include audit services provided in connection with the audit of the consolidated financial statements. All such services are to be provided by the external auditor.
- Audit related services - include services that would normally be provided by an external auditor but not generally included in audit fees, such as audits of the pension plans of the Group, accounting advice related to mergers and acquisitions, internal control reviews of systems and/or processes, and issuance of special audit reports for tax or other purposes. The external auditor is to be invited to undertake those services that must be undertaken, or is otherwise best placed, to undertake in its capacity as auditor.
- Taxation related services - include all tax compliance and tax planning services, except for those services which are provided in connection with the audit. The Group engages the services of the external auditor where it is best suited. All other significant taxation related work is undertaken by other parties as appropriate.
- Other services - include, amongst others, financial due diligence, review of actuarial reports and calculations, risk management diagnostics and assessments, and non-financial system consultations. The external auditor is also permitted to assist Management and the internal auditor with internal investigations and fact-finding into alleged improprieties. These services are subject to specific approval by the Audit Committee.
- General consulting services - the external auditor is not eligible to provide services involving general consulting work.

An analysis of the fees of PwC and other external auditors is shown in note 8 to the consolidated financial statements. For the year ended 31 December 2020, PwC fees, amounting to approximately HK\$6 million were primarily for audit services and those for non-audit services amounted to approximately HK\$0.7 million (including regulatory reporting requirements, tax compliance, and risk management diagnostics and assessments), representing approximately 10% of the total PwC fees (audit and non-audit).

## Audit Report on the annual financial statements

The consolidated financial statements of the Group for the year ended 31 December 2020 have been audited by PwC in accordance with International Standards on Auditing issued by the International Accounting Standards Board. The unqualified auditor's report is set out on pages 100 to 104. The consolidated financial statements of the Group for the year ended 31 December 2020 have also been reviewed by the Audit Committee.

## Risk Management, Internal Control and Legal & Regulatory Compliance

### Board oversight

The Board has overall responsibility for the systems of risk management, internal control and legal and regulatory compliance of the Group.

In meeting its responsibilities, the Board seeks to inculcate risk awareness across the business operations of the Group and has put in place policies and procedures, including parameters of delegated authority, which provide a framework for the identification, reporting and management of risks. The Board evaluates and determines the nature and extent of risks (including sustainability-related risks) that the Company is willing to accept in pursuit of the strategic and business objectives of the Group. It also reviews and monitors the effectiveness of the systems of risk management and internal control on an ongoing basis. The reporting and review processes include review by the Executive Director, the Chief Financial Officer and the Board of budgets, strategic plans, and detailed operational and financial reports as provided by business unit management as well as review by the Audit Committee of ongoing work of internal audit and risk management functions.

On behalf of the Board, the Audit Committee also regularly reviews the corporate governance structure and practices within the Group and monitors compliance fulfilment on an ongoing basis. To assist the Audit Committee in discharging its responsibilities, a Governance Working Group chaired by the Non-executive Director and Company Secretary, comprising representatives from key departments of the Company, provides timely updates, identifies emerging matters of compliance, and establishes appropriate compliance policies and procedures for group-wide adoption. During the year, the Company reviewed the key risk areas facing the Group in light of the current data privacy, antitrust and competition law regimes. Practical trainings, internal control measures, guidelines and policies tailor-made for key business units were introduced to strengthen the compliance programme of the Group in these areas.

The Audit Committee is satisfied that the Company has complied throughout the year with all code provisions of the CG Code, other than those in respect of the composition of the Nomination Committee prior to 1 December 2020 as explained in this report.

Whilst these procedures are designed to identify and manage risks that could adversely impact the achievement of the business objectives of the Group, they do not provide absolute assurance against material misstatement, errors, losses, fraud or non-compliance.

### Risk management

Based on the COSO (the Committee of Sponsoring Organisations of the Treadway Commission) model, the Company establishes its Enterprise Risk Management (ERM) framework to support the delivery of the business and strategic objectives of the Group. The framework facilitates a systematic approach in identifying, assessing and managing risks within the Group, be they of strategic, financial, operational or compliance nature.

The risk management of the Group is a continuous process integrated seamlessly into the day-to-day activities at all levels of the Group. There is ongoing communication between the executive management of the Group and the business units on the current and emerging risks, their plausible impact and mitigation measures so as to institute additional controls and deploy appropriate insurance instruments to minimise or transfer the impact of risks to the business of the Group. In addition, the Group's Directors and officers are protected against potential personal legal liabilities through the Directors and Officers Liability Insurance.

In terms of formal risk review and reporting, the Company adopts a "top-down and bottom-up" approach, involving input from each major business unit as well as discussions and reviews by the Executive Director and the Board, through the Audit Committee. More specifically, on a half-yearly basis, each major business unit is responsible for formally identifying the significant risks its business faces, measuring them against a defined set of criteria, and considering likelihood of occurrence and potential impact on the business, whilst the Executive Director provides input after taking a holistic assessment of all the significant risks that the Group faces. In 2020, the Group levelled up the assessment of material sustainability risks to ensure that the risks are being appropriately managed (please refer to the "Sustainability Report" in this Annual Report for more details). Relevant risk information including key mitigation measures and plans are recorded in a risk register to facilitate the ongoing review and tracking of progress.

The composite risk register together with the risk heat map, as part of the Risk Management Report, are submitted to the Audit Committee for review on a half-yearly basis. The Audit Committee, on behalf of the Board, reviews the nature and extent of the significant risks facing the Group, and provides input as appropriate so as to ensure that effective risk management system is in place.

Pages 27 to 31 of this report provide a description of the risk factors of the Group which could affect the financial condition or results of operations of the Group that differ materially from expected or historical results.

### Internal control environment

Group structures covering all subsidiaries and a joint venture are maintained and updated on a timely and regular basis. Directors are appointed to the boards of all material operating subsidiaries for overseeing and monitoring those companies, including attendance at board meetings, review and approval of budgets and plans, and determination of business strategies with associated risks identified and key business performance targets set. The executive management team is accountable for the conduct and performance of the business of the Group within the agreed strategies. The Executive Director monitors the performance and reviews the risk profiles of the companies within the Group on an on-going basis.

The internal control procedures of the Group include a comprehensive system for reporting information to the executive management team of each business unit and the Executive Director.

Business plans and budgets are prepared annually by management of individual businesses and subject to review and approval by both the executive management team and the Executive Director as part of the five-year corporate planning cycle. Reforecasts for the current year are prepared on a quarterly basis, reviewed for variances to the budget and for approval. When setting budgets and reforecasts, Management identifies, evaluates and reports on the likelihood and potential financial impact of significant business risks.

The Executive Director reviews monthly management reports on the financial results and key operating statistics of each business and holds monthly meetings with the senior management of business operations to review these reports, business performance against budgets, forecasts, significant business risk sensitivities and strategies. In addition, the Chief Financial Officer and finance managers of the business operations hold monthly meetings to review monthly performance against budget and forecast, and to address accounting and finance related matters.

The Group maintains a centralised cash management system for its subsidiary operations. The finance department of the Group oversees the investment and lending activities of the Group and also evaluates and monitors financial and operational risks, and makes recommendations to Management to mitigate those risks. Treasury reports on cash and liquid investments, borrowings and movements thereof are distributed to Management weekly.

The Group has established guidelines and procedures for the approval and control of expenditures. Operating expenditures are subject to overall budget control and are controlled within each business with approval levels set by reference to the level of responsibility of each executive and officer. Capital expenditures are subject to overall control within the annual budget review and approval process, and more specific control and approval by the Chief Financial Officer or Executive Director are required prior to commitment for unbudgeted expenditures as well as material expenditures within the approved budget. Monthly reports of actual versus budgeted and approved expenditures are also reviewed.

The Group also has followed group-wide treasury policies covering specific aspects, such as bank account control and procedures, monitoring and compliance control for loan covenants.

In terms of formal review of the internal control system of the Group, an internal control self-assessment process is in place, that requires the senior management of each business unit to review, evaluate and declare the effectiveness of the internal controls over the operations and devise action plans to address the issues, if any. These assessment results, together with the Risk Management Report as mentioned earlier and the independent assessments by the auditors, form part of the bases on which the Audit Committee formulates its opinion on the effectiveness of risk management and internal control systems of the Group.

## Legal and regulatory compliance

The Group is committed to ensuring its businesses are operated in compliance with local and international laws, rules and regulations. The legal department has the responsibility of safeguarding the legal interests of the Group. It monitors the day-to-day legal affairs of the Group, including preparing, reviewing and approving all legal documentation and corporate secretarial documentation of Group companies, working in conjunction with finance, tax, treasury, corporate secretarial and business unit personnel on the review and co-ordination process, and advising Management on legal and commercial issues of concern. In addition, the legal department is responsible for overseeing regulatory compliance matters of all Group companies. It analyses and monitors the regulatory frameworks within which the Group operates, including reviewing applicable laws and regulations, and preparing and submitting response or filings with relevant regulatory and/or government authorities on regulatory issues and consultations. The legal department also prepares and updates internal policies and conducts tailor-made workshops where necessary so as to strengthen the internal controls and compliance procedures of the Group.

The legal department reports to the group legal department of the holding company of the Group on all material legal, regulatory and corporate secretarial matters. It determines and approves in conjunction with the group legal department of the holding company of the Group the engagement of external legal advisors, ensuring the requisite professional standards are adhered to as well as the most cost effective services are rendered. Further, the legal department organises and holds continuing education seminars/conferences on legal and regulatory matters of relevance to the Group for Directors, business executives and the legal and corporate secretarial teams.

On the listed company level, the Group is subject to the Listing Rules, the Codes on Takeovers and Mergers and Share Buy-backs, the Cayman Islands Companies Law, the Companies Ordinance and the SFO. The legal department is vigilant with the legal requirements under these statutes, rules and regulations.

### Governance policies

The Group places utmost importance on the ethical, personal and professional standards of Directors and employees of the Group. It is committed to upholding high standard of business integrity, honesty and transparency in all business dealings. The Group has adopted and implemented a number of governance policies imposing requirements on Directors and employees to conduct themselves in compliance with applicable laws, rules and regulations. These policies are reviewed from time to time to ensure their relevance and appropriateness to the business, corporate strategy and stakeholder expectations of the Group.

Key governance policies and guidelines of the Group which were updated in 2020 include:

#### *Code of Ethics*

The Code of Ethics of the Group sets the standards for employees as are necessary to promote honest and ethical conduct, accurate and timely disclosure in the reports and documents that the Group files or submits to regulators, compliance with applicable laws and regulations, prompt internal reporting of violations and accountability for compliance with the Code of Ethics. Every employee is required to undertake to adhere to the Code of Ethics, which includes provisions dealing with conflict of interest, equal opportunities, diversity and a respectful workplace, health and safety, protection and proper use of company assets, record keeping, bribery and corruption, personal data protection and privacy as well as reporting procedures for illegal and unethical behaviour. It is also the Group's general policy not to make any form of donation to political associations or individual politicians. Approval from the Chairman is required for any political contributions by the Group. Employees are required to report any non-compliance with the Code of Ethics in accordance with the established reporting and escalation procedures.

#### *Procedures for Reporting Possible Improprieties in Matters of Financial Reporting or Internal Control*

In line with the commitment to achieve and maintain high standard of openness, probity and accountability, the Company expects and encourages employees of the Group and those who deal with the Group (e.g. customers, suppliers, creditors and debtors) to report to the Company any suspected impropriety, misconduct or malpractice concerning the Group.
