#### **19** Contingent Liabilities

The Group had contingent liabilities in respect of the following:

|  | 30 June<br>2022<br>HK\$ million | 31 December<br>2021<br>HK\$ million |
|--|---------------------------------|-------------------------------------|
| Performance guarantees<br>Financial guarantees | 284<br>937                      | 234<br>882                          |
| Others   | 1                               | 1                                   |
|  | 1,222                           | 1,117                               |

The contingent liabilities mainly comprise of the performance guarantees and financial guarantees provided to the Communications Authority of Hong Kong ("CA"). The Group is required to lodge a performance bond with the CA to guarantee (i) the network and service rollout requirement and (ii) to maintain at all times throughout the whole assignment term for payment of the Spectrum Utilisation Fee ("SUF") payable in the ensuing five years, or the SUF payable for the remaining duration of the assignment term if it is less than five years, in respect of those spectrums which the Group elected to pay annually in 15 instalments.

#### 20 Commitments

The Group had capital commitments contracted but not provided for as follows:

|  | 30 June<br>2022<br>HK\$ million | 31 December<br>2021<br>HK <b>\$</b> million |
|--|---------------------------------|---|
| Property, plant and equipment<br>Telecommunications licences | 118<br>114                      | 269<br>252                                  |
|  | 232                             | 521   |

On 27 October 2021, Hutchison Telephone Company Limited ("HTCL"), a subsidiary of the Group, successfully bid two blocks of 10 MHz spectrum at the 700 MHz band and a block of 10 MHz spectrum at the 2600 MHz band (collectively, the "2021 Bidded Spectrums"), for a 15-year period (commencing June 2022 for the 700 MHz band and March 2024 for the 2600 MHz band) at aggregate SUFs of HK\$252 million. SUFs for the 2021 Bidded Spectrums are payable either (i) in full as a lump sum payment upfront (by May 2022 for the 700 MHz band and January 2024 for the 2600 MHz band); or (ii) annually in 15 instalments with the first instalment equivalent to the lump sum amount divided by 15 and for each subsequent instalment an amount equal to the SUF payable in the immediately preceding instalment increased by 2% ("15 Annual Instalments"). As at 31 December 2021, standby letters of credit of HK\$252 million that covered the aggregate SUFs for the 2021 Bidded Spectrums were issued in favour of the CA.

In May 2022, the Group has determined to settle the aggregate SUFs for the 700 MHz band by 15 Annual Instalments. During the six months ended 30 June 2022, the Group recognised telecommunications licences of HK\$138 million for the 700 MHz band, which represents the net present value of the consideration payable for telecommunications licences acquired (Notes 15 and 16).
