Chairman's Statement

For the six months ended 30 June 2026, the Group remained prudent in navigating an evolving economic environment. Supported by a resilient business foundation and the disposal of its Macau operations, the Group delivered improved profitability.

During the period, the Group's profit attributable to shareholders was HK\$11 million, representing an improvement compared with the same period last year, mainly attributable to the elimination of losses previously arising from the Macau operations.

Dividend

The Board declared an interim dividend of 2.28 HK cents per share for the six months ended 30 June 2026 (2025 interim dividend: 2.28 HK cents per share), in line with the same period the previous year, payable on Wednesday, 16 September 2026, to shareholders (except for holders of treasury shares) whose names appear on the Register of Members of the Company at the close of business on Monday, 7 September 2026, being the record date for determining shareholders' entitlement to the interim dividend. Currently, there are no treasury shares held by the Company (whether held or deposited in CCASS, or otherwise).

Business Highlights for Hong Kong Operations

Net customer service revenue increased by HK\$107 million, or 6% year-on-year, to HK\$1,866 million, mainly driven by stable local service revenue and continued growth in roaming service revenue. During the first half of 2026, the Group upgraded its flagship World Plan with new travelling benefits and introduced a secondary SIM feature, enabling more flexible sharing of global data. In parallel, new 5G monthly plans and a suite of AI-driven products and services were launched across the consumer and enterprise markets, while integrating evolving family-centric services such as home cybersecurity care, pet healthcare and grooming, and health checkup for seniors. These initiatives reflect the Group's focus on deepening customer engagement, advancing digital lifestyle tailored for different segment needs of the market, and showcasing the "3 for You" brand value.

Hardware revenue amounted to HK\$980 million, supported by continued demand for flagship mobile devices. Overall, total revenue from Hong Kong operations increased by HK\$695 million, or 32% year-on-year, to HK\$2,846 million. Total margin decreased slightly by HK\$43 million, or 3% year-on-year, to HK\$1,422 million, primarily reflecting a higher mix of low margin revenue streams, partially offset by improved hardware margin.

EBITDA from Hong Kong operations remained stable at HK\$763 million, underpinned by ongoing cost-saving initiatives and efficiency gains from digitalisation and AI-assisted workplace tools, which partially offset the impact of the lower total margin. Operating expenses decreased by 8% year-on-year, reflecting the Group's continued commitment to cost discipline.

EBIT from Hong Kong operations was HK\$18 million, representing an increase of HK\$1 million or 6%, compared with the corresponding period in 2025, primarily attributable to lower depreciation and amortisation expenses. As a result of lower bank deposit interest rates, net interest income from Hong Kong operations amounted to HK\$34 million, representing a decrease of HK\$8 million compared to the same period last year.

As at 30 June 2026, the Group's customer base reached approximately 3.2 million. The Group's 5G penetration rate reached 64% (30 June 2025: 57%), underscoring the robust appeal of its service offerings and network infrastructure. The monthly postpaid churn rate stood at 0.9% (1H 2025: 0.9%), demonstrating effective customer engagement and retention in a competitive market landscape. Postpaid net ARPU decreased by 2% to HK\$173 compared to the same period last year, primarily due to continued market competition.

Chairman's Statement

Outlook

Although Hong Kong's economic outlook continues to improve, consumer spending remains prudent. The Group will remain focused on cost discipline and operational efficiency, while pursuing growth opportunities in adjacent services and further diversifying its revenue streams through AI-driven and segmented solutions. Given the Group's strong cash position and improving profitability, the Board will continue to review the utilisation of cash to further enhance shareholder value as part of its review of the Group's 2026 full year results.

The Group remains committed to advancing its sustainability priorities, including enhancing energy efficiency, optimising resource utilisation and strengthening employee engagement, to support long-term resilience and value creation.

I would like to thank the Board and all staff members for their valuable contributions, ongoing dedication, hard work, professionalism to the Group and dedication to customers.

FOK Kin Ning, Canning

The directors of the Company are responsible for the preparation and presentation of these condensed consolidated interim financial statements in accordance with International Accounting Standard 34 "Interim Financial Reporting". Our responsibility is to express a conclusion on these condensed consolidated interim financial statements based on our review and to report our conclusion solely to you, as a body, in accordance with our agreed terms of engagement, and for no other purpose. We do not assume responsibility towards or accept liability to any other person for the contents of this report.

Scope of Review

We conducted our review in accordance with International Standard on Review Engagements 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity". A review of condensed consolidated interim financial statements consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the condensed consolidated interim financial statements of the Group are not prepared, in all material respects, in accordance with International Accounting Standard 34 "Interim Financial Reporting".

Notes to the Condensed Consolidated Interim Financial Statements

1 General Information

Hutchison Telecommunications Hong Kong Holdings Limited (the “Company”) was incorporated in the Cayman Islands on 3 August 2007 as a company with limited liability. Its registered office address is P.O. Box 31119 Grand Pavilion, Hibiscus Way, 802 West Bay Road, Grand Cayman, KY1-1205 Cayman Islands.

The Company and its subsidiaries (together the “Group”) used to be engaged in mobile telecommunications business in Hong Kong and Macau. After the disposal of its mobile telecommunications business in Macau in January 2026 (Note 19), the Group is now principally engaged in the mobile telecommunications business in Hong Kong.

The shares of the Company are listed on the Main Board of The Stock Exchange of Hong Kong Limited.

These unaudited condensed consolidated interim financial statements (the “interim financial statements”) are presented in Hong Kong dollars (“HK\$”), unless otherwise stated. These interim financial statements were approved for issuance by the Board of Directors on 10 August 2026.

2 Basis of Preparation

These interim financial statements for the six months ended 30 June 2026 have been prepared in accordance with International Accounting Standard 34 “Interim Financial Reporting”. These interim financial statements should be read in conjunction with the annual financial statements for the year ended 31 December 2025, which have been prepared in accordance with IFRS Accounting Standards.

These interim financial statements have been prepared under the historical cost convention, except that defined benefit plans plan assets are measured at fair values, and disposal group classified as held for sale are measured at the lower of carrying amount and fair value less costs to sell, and on a going concern basis.

(i) Discontinued operations

In December 2025, the Board of Directors approved the Group to enter into a sale and purchase agreement with the purchaser, an independent third party, to sell its entire interests in a subsidiary which engages in the mobile telecommunications business in Macau. The sale and purchase agreement was subsequently entered into on 12 January 2026 and the disposal was completed on the same day.

Consequently, the entire mobile telecommunications business in Macau is reported as discontinued operations (the “discontinued operations”) in the Group’s interim financial statements during the periods ended 30 June 2026 and 2025. The respective assets and liabilities were classified as held for sale as at 31 December 2025.

In accordance with IFRS 5, the financial results of the discontinued operations for the periods ended 30 June 2026 and 2025 are presented as a profit/(loss) from discontinued operations in the Group’s condensed consolidated statement of comprehensive income. Certain comparative amounts of the discontinued operations have been restated to conform with current period presentation.

Financial information relating to the discontinued operations is set out in Note 19.

3 Material Accounting Policies

The material accounting policies applied and methods of computation used in the preparation of these interim financial statements are consistent with those used in the 2025 annual financial statements except as described in (a) below.

(a) Amendments to existing standards adopted by the Group

During the six months ended 30 June 2026, the Group has adopted the following amendments to existing standards which are relevant to the Group's operations and are mandatory for accounting periods beginning on 1 January 2026:

Annual Improvement Projects IFRS 7 and IFRS 9 (Amendments)	Annual Improvements – Volume 11 Classification and Measurement of Financial Instruments
---	--

The adoption of these amendments to existing standards did not have a material impact to the Group's results of operations or financial position.

(b) New standards and amendments to existing standards that are not yet effective and have not been early adopted by the Group

The following new standards and amendments to existing standards have been issued but are not yet effective for the six months ended 30 June 2026:

3 Material Accounting Policies (Continued)

(b) New standards and amendments to existing standards that are not yet effective and have not been early adopted by the Group (Continued)

IFRS 18 Presentation and Disclosure in Financial Statements

IFRS 18 will replace IAS 1 Presentation of Financial Statements, introducing new requirements that will help to achieve comparability of the financial performance of similar entities and provide more relevant information and transparency to users. Even though IFRS 18 will not impact the recognition or measurement of items in the financial statements, its impacts on presentation and disclosure are expected to be pervasive, in particular those related to the statement of financial performance and providing management-defined performance measures within the financial statements.

The key new concepts introduced in IFRS 18 relate to:

- the structure of the statement of profit or loss with defined subtotals;
- requirement to determine the most useful structure summary for presenting expenses in the statement of profit or loss;
- required disclosures in a single note within the financial statements for certain profit or loss performance measures that are reported outside an entity's financial statements (that is, management-defined performance measures); and
- enhanced principles on aggregation and disaggregation which apply to the primary financial statements and notes in general.

The Group will apply the new standard from its mandatory effective date of 1 January 2027. Retrospective application is required, and so the comparative information for the financial year ending 31 December 2026 will be restated in accordance with IFRS 18.

The Group is in the process of making an assessment of the impact of other new standards and amendments to existing standards upon initial application.
